Allowable Subject Matter

1. Claims 1-15 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the applicants have presented a persuasive argument, see page 5 of the response filed on 7/8/2005 that the cited prior art of record, taken alone or in combination fails to disclose or suggest a method for fabricating a semiconductor device comprises the step of "etching the interlayer insulation layer through the use of a wet etching process or a dry etching process to thereby expose a whole upper portion of the conductive patterns", in combination with the rest of the limitations of claim 1. The closest cited prior art of Linliu (US 6,287,957) discloses a SAC process comprises the step of "etching the interlayer insulation layer 66 through the use of a dry etching process to thereby expose a small upper portion of the conductive patterns 56 (fig. 2B)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
